Description

Mercury's Dynamic Rigid Inflatable Boat (RIB) range delivers the hull strength of a conventional boat with the exceptional stability of an inflatable in one extremely light package. Each model is manufactured with a vacuum injection technology process, moulding the hull and transom in one piece for incredible strength, improved handling, performance and durability.

Compact, yet enough interior room for 3 adults. The horespower options that best suit this model are 4 or 5hp Mercury outboard

Due to our constant efforts to offer the finest products available, Mercury inflatables reserves the right to change specifications without notice. Equipment Hull

- Super light Rigid Inflatable Boat (RIB). Single-skin hull built by Resin Transfer Moulding (RTM).
- Incredible strength to weight ratio, superb finish. Great as a tender or fishing boat.
- Non slip floor.
- Moderate V hull for stability.
- Stainless steel towing eyes in transom, make ideal davit lifting points or towing eyes for water
- sports activities.

Buoyancy Tube

- Available in Mehler Haku PVC or Achillies HP fabric.
- 3 separate internal air chambers for safety.
- Semi-recessed air valves self draining, internal spring-loaded guick seal system, with plug.
- Rounded end cones. Ideal for quicker planning & four stroke outboards, eliminates water backwash and provides better stability.
