Power Type		Stock Number	0
Condition	New	State	Queensland
Suburb	GLADSTONE	Engine Make	

Description

The Mercury Racing Pro Finished Bravo I XS outboard propellers offer excellent time to plane performance, sweet mid-range punch and awesome top-end speeds for bass, flats, cat flats and performance center console bay boats.

The stainless steel propeller, designed for use on Mercury V-6 OptiMax, OptiMax XS and OptiMax Pro XS outboards, features four robust blades and a tuned exhaust tube with 1" vent holes for enhanced acceleration and mid-range punch. The shortened exhaust tube provides greater top-end speed while minimizing stern lift for improved boat handling and performance.

SPECIFICATIONS

Pitch □□□22", 23", 24", 25", 26", 27", 28", 29", 30", 31"

Rotation □□□RH

Finish □□□Pro Finish

APPLICATIONS

Contact Mercury Racing Performance Propeller Manager Scott Reichow at 920-924-2037 regarding propeller applications and performance.
